PERMISSION CERTIFICATE

"New Year on Times Square" (Happy New Year New York)

Written by Walter J. Kin (RIGLI) - all 17+ versions

I, Walter J. Kin, songwriter and authorized representative of Rigli Publishing / Double Sign LLC (exclusive administrator of the song and master recordings), grant the non-exclusive permissions below, free of charge. Print this page, keep it, and use the song.

TAKE AND USE - NO NEED TO ASK

- Perform the song live anywhere, any day, in any key, tempo, or style - free forever. Keep 100% of your performance fee. (Standard public performance royalties payable by venues and broadcasters through PROs such as ASCAP remain reserved to the songwriter and publisher.)
- Film your own live performance, post the video online, and monetize your channel - keep 100% of your creator earnings.
- Record and release your own audio cover through any music distributor, provided mechanical royalties are paid automatically through standard distribution or licensing systems (such as The MLC / Harry Fox Agency).
- Post your human-performance cover video on YouTube. We do not block genuine human cover performances on YouTube. If an automated Content ID claim restricts your video, write to us and we will assist in releasing or confirming your permission.
- Use the official recordings inside TikTok, Instagram Reels, and YouTube Shorts using those platforms' built-in audio libraries.
- Sing live over the official backing tracks provided on OnTimesSquare.com. Choirs, schools, and community ensembles may copy the lead sheet and lyrics for their own live rehearsals and performances.

ONE SHORT NOTE FIRST

Long-form videos built on the official master recordings, karaoke redistribution, official remixes, singable translations, and commercial sync (ads, TV, film): write to doublesign28@gmail.com. Genuinely non-commercial projects - student films, indie shorts, and charity events - are generally approved free of charge upon written request.

These permissions cover both the musical composition and the official backing tracks / master recordings provided on OnTimesSquare.com, strictly for the uses listed above. They are non-exclusive and transfer no copyright or ownership. Human performances only: AI-generated covers, voice cloning, and AI model training are strictly prohibited. All rights not expressly granted here are reserved. Full terms: ontimessquare.com/sing

New York, November 17, 2026
